

STREET SM-ART

If you're not making a mess, you're probably doing it wrong. Delegates will channel their inner street artist as they create graffiti-style artworks on life-sized canvases. With pre-given prompts as their guide, they'll have to think fast, paint boldly, and make a statement because if you're going big, you might as well make it unforgettable.

DELEGATE CAP: 3-4 DELEGATES PER TEAM

TIME LIMIT: 9 HOURS

Themes:

Deleting History

- What happens when a piece of history disappears, and who gets to decide what is forgotten? By removing central figures, symbols, or objects that once defined the piece, explore the new history that emerges from what was deliberately erased.

If Lahore Could Speak

- Ever wondered how your city might feel? Now's your chance to give a voice to the land we inhabit! Rich in history and culture, through your art, explore Lahore from your perspective on its people, streets, beauty, chaos, contradictions, or the stories hidden within.

Paint a Protest Without Words

- Some feelings are just too powerful for words. Turn your anger, injustice, hope, or resistance into an effective art piece. Create a protest that speaks without saying a single word. What would you fight for if your art could speak for you?

Guidelines:

- Delegates are allotted a total of 9 hours, distributed across four designated days to complete their artwork.
- Delegates are allowed to make or bring pre-made stencils.
- Delegates may use references, but all references must be submitted to category heads for approval before use.
- Life-size Canvases will be provided.
- Delegates must bring their own art supplies.
- Completed artworks must be submitted to category heads before leaving the premises.
- Artworks will be returned the following day unless the 9-hour time limit has been exceeded.
- Delegates can use any medium beyond just spray paints (acrylics, markers, inks, etc)

Restrictions:

- Offensive or harmful imagery
- Sexual Content
- Profanity
- Drug use or abuse
- Descriptions of violence

The following are strictly not allowed:

- AI generation
- Sharp objects (scissors, blades, steel scales, etc)
- Water bottles

Note:

- The proceedings of each round may be altered at the sole discretion of the category head.
